

Appointments, Booking Fee & Cancellations

All appointments require a **minimum** booking fee of £15 depending on service booked and length of appointment. This is to be paid within 24 hours of booking or the appointment may be given without notice to someone else.

A minimum of 48 hours notice is required if you need to change the day of your appointment. An appointment can be moved once with the minimum notice without charge.

48-24 hours notice - the booking fee paid is forfeit, a new booking fee must be paid to secure your next appointment.

Less than 24 hours notice/ no show to your appointment - the full cost of your service will be charged. Payment must be received before a new appointment can be made.

If you wish to make changes to your appointment that will reduce the length of time needed 48 hours notice is required or the longer service charge will still apply.

Please arrive on time for your appointment; I know arriving early cannot always be helped but arriving very early may not be convenient even if I am not with a client.

Arriving late to your appointment will mean a reduced service is carried out, if it is possible, to prevent running over into my next appointment time, the full cost of your service will still apply as the time was allotted to you.

Regular lateness may result in future appointments being refused.

Over 15 minutes late, unfortunately I will have to cancel your appointment, the full cost of your appointment will be charged and must be paid before a new appointment is given.

The above policies also apply to gift voucher appointments. Any amount owing will be taken from the gift voucher value.

I understand that sometimes things can happen you were not expecting, or difficulties arise that can make keeping a scheduled appointments harder, however, unexpected changes or hours not working add up to a substantial loss at the end of a month which would make my business unsustainable. These policies ensure I can continue my business. I cannot offer any exceptions or favours.

Thank you for being considerate of my business and my time, it is very much appreciated.
